

March

With March at the doorstep, spring cleaning is calling you out. So now is the time to incorporate bold graphics and nature-inspired decor into your home

Art Quote

With a motive of reducing the usage of wood, **Fanusta** has taken a step towards experimenting with varied materials to create home and living pieces. An innovation into the craft field, this environment-friendly range of furniture, using upcycled waste paper in a honey-comb structure, is crafted in collaboration with Jaipur based artist Shilpi Dua.
